HOLLOWAY ON WATER SKATE TO MUSIC Honolulu, H. T., Nov. 15th, 1902. To Whom It May Concern:

Measurements taken at the mouth of two perpetual streams, the source of which are two springs at an elevation of between 550 and 600 feet, situated in Punao Valley, about two miles west of the terminus of the Pacific Heights Railroad. These springs are not affected by a lack of rainfall, give an output of 850,000 gallons in 24 hours, and by developing could be increased by conservative estimate to ten times this amount.

Measurements taken from a stream at an elevation of 250 feet in the same valley, but lower down, the source of which stream is several small springs, gives an output of 253,700 gallons per 24 hours.

These springs are all located in Punao valley, which is a natural watershed and would be a valuable reservoir site for the Government.

Secretary H. P. Wood, of the Promotion Committee, has expressed an opinion that it would not be well to send the beautiful picture of the volcano to the mainland for exhibition, owing to the outbreak of Vesuvius, which is creating a horror for volcanoes in the minds of the public. Perhaps you are a collector of postcards. If not, you ought to be. The fact has come to stay and is both in a lucrative and enterprising. Loose cards lose half their value. They should be placed in an album, where they can be properly displayed. You will be interested in our line of albums if you are interested in postal cards. The prices of the albums are so proportioned into sets and may be returned for inspection at any time without in any way damaging either the card or the album. "Mountain Photo-Supply Co."

The Omeica Sugar Co.'s mill started grinding at 12:30 a. m. Monday. The fact that the mill is able to resume operations so soon, reflects great credit on Manager Meir and Engineer Cant. The great fire, which occurred only about five weeks ago, consumed the boiler house and destroyed most of the machinery and this had to be procured at a distance, some as far as New York. No amount of energy has been spared by the management to get the mill rebuilt and in operation and its success shows that hard work and good judgment will work wonders here as elsewhere.

Regarding the Molokans, George Fairchild is quoted as saying: "I want to see the Molokan scheme a success, for otherwise it will damn that sort of immigration. The Advertiser seems to dwell upon our not giving the people long enough time but that is not the trouble they might stay from now until doomsday and I do not believe the Molokans would succeed as a community. As individuals I do not say they are a failure, we have not tried them, but we are willing to under a different arrangement I am inclined to believe that if the government will cancel its contract with Captain Demens and the forty-two we have working, there will be a different condition."

DEMOCRATIC WARNING Hilo, April 12.—The Democratic Club of Hilo wrote notifying the Board of Supervisors in plain terms that it would take steps to prevent any infringement of the election laws during the coming election, especially the enforced signing of a register by voters before ballots were given to them. The notification was signed by Edward Kekoa and David Ewaliko. Fernandez made a peculiar remark to the effect that it was not for the Board of Supervisors to change the election laws, but a reference to the law showed plainly that the voter is not obliged to sign his name to any register before receiving his ballot. Shipman pointed out that a record was to be kept of the names of voters who received ballots and that this record was to be "preferably" in the handwriting of the voter himself, but this in no sense made the signing obligatory on the voter. The letter was filed.

To The Public I for one, with gladness hail with welcome Wallach's Indian Remedies and especially his pills cure, which I know from experience to be unequalled in its magical effect. Do not be fooled by a bunch of testimonials as given by patent medicines, for it cost me all my earnings for years and found them all false and a big lot of lies, so be aware of any kind of testimonials unless you can find them when you want the persons whose cure you read about. Wallach's Indian Remedies did me good and will certainly do you good; I have no equal on the market of America. If you try Wallach's Indian Remedies you will never be without them again. It is really a twentieth century wonder and I for one again cry Hail, Wallach's Indian Remedies. Yours in behalf of all sufferers, MRS. JULIA TILLANDER, 2539 Bono St., Kailua, Honolulu. Made by J.
